

B&I LENDERS IN OREGON

Business & Industry (B&I) Guaranteed Loan Program

Eligible B&I Lenders

B&I guaranteed loans can be obtained through any eligible lender who wishes to use the B&I program. Eligible lenders are: federal or state chartered banks, savings & loans, credit unions, farm credit system associations, bank-holding company mortgage companies, and insurance companies.

Finding a B&I Lender

- USDA does not recommend or favor any particular lender. Businesses seeking B&I financing should first contact lenders with whom they have an established banking relationship. Other lenders should also be contacted.
- The Oregon Bankers Association & Independent Community Banks of Oregon has a good list of Oregon lenders on their web site: http://www.oregonbankers.com/general/our_members.htm
- Generally speaking you should direct inquiries to the lender's Government Guaranteed Lending or Small Business Administration (SBA) Department

Active B&I Lenders

The B&I program is growing in Oregon. Because the number of active B&I lenders is increasing all the time, no list will be exhaustive. Here are some Oregon business lenders that have either used or expressed an interest in using the B&I guaranteed loan program:

Bank of Astoria
